TALK WITH THE SPECIALISTS

Everything You Always Wanted to Know About Vitrification with Sterile Liquid Nitrogen*

(*But Were Afraid to Ask)

Laura Rienzi

Laura Rienzi has 20 years experience in embryology. She has authored more than 100 articles, reviews and book chapters. She is GENERA Centers Laboratory Director and Adjunct Professor of Biotechnology, University of Urbino, Italy.

1

Maria Giulia Minasi

From 1994 to 1997 she worked as an embryologist in different IVF laboratories in Rome, Italy. From 1998 to 2000 she was employed as researcher at the Department of Histology and Embriology, University of Rome "La Sapienza", working on stem cells project. From 2001 until now she worked at the Centre for Reproductive Medicine of European Hospital in Rome, where from 2009 became laboratory director.

2

Catello Scarica

Lab Manager of IVF Center Villa Salaria Clinic (Rome, IT) in partnership with Institut Marques (Barcelona, Spain). PhD in Biology and Molecular Medicine at the University "La Sapienza" of Rome. Member of the Directive Board of the Italian Society of Embryology, Research and Reproduction (SIERR).

3

Valerio Pisaturo

Since 2009 he has been working as senior clinical embryologist at the International Evangelical Hospital in Genoa. He is currently an Adjunct Professor of Biotechnology in Assisted Reproduction at the University of Genoa and member of the Executive Committee of Italian Society of Embryology, Reproduction and Research (SIERR).

4

Lodovico Parmegiani

Laboratory Director at the Reproductive Medicine Center, GynePro Medical Centers - NextClinics Group in Bologna, Italy and advisor for many biotech companies. He has invented, developed and optimized devices and methods for human clinical embryology. Key Opinion Leader in Assisted Reproduction.
